Chairman's Message

It's a blessing to be associated with children

Personlity of any individual, status of his or her family, outcome of the society and progress of the nation, twenty years from now, shall be in direct proportion to the ways we are raising the children today. In other words parents, teachers and the schools have a vital role to play in building the nation. Such a huge responsibility is endowed only on the people who are blessed and capable of carrying out such important tasks.

Newly born babies bring a lot of happiness in any family. To sustain this happiness for years on, it is imperative that the parents act in most responsible way especially in the early phase of a child's life. The impressions gathered by children in the first three to five years of their lives almost decide their future and personality type. This in turn reflects upon the families they form, societies they shape and the nations they build.

The parents need to know and learn various methodologies of 'Positive Parenting'. Both mother and father need to be well conversed with their own behaviour, shortcomings and habits. Self awareness and discipline is the key to giving good environment for the child's growth. There is nothing more harming for a child than a disharmonious relationship of the spouses reflected in front of a growing child. Children as small as three months pick up positive or negative vibes of people around them. For a little grown up children, art of patient listening of their stories and views with interest is one important key in their overall growth. Learn to trust your children and abstain from petty lies in front of them. Encourage and appreciate them even for a trivial achievements . Quality time spent with the children listening to them and playing with them makes them confident and is extremely self assuring. Children who hear 'No' or 'Don't Do This', kind of corrections often stay depressed and shy later in their lives. If you think you need to correct the child or say no, it is always better to remove them from that scene and provide better alternatives with explanations of the nature they understand. All children would behave differently. It is best to enjoy this variety of nature. Do not insist to mould your child in a specific way. Learn to know their interests and help them grow positively.

I have a great respect for the teachers. For they are the strongest mentors in shortest period of time for any child. The time spent by them in grooming their students is the crux of building better individuals. They are really blessed to get a chance of nurturing variety of buds into beautiful flowers. A stand out teacher would appreciate different patterns of behaviour and attitudes in the class without discrimination. Teacher's role model, individual care as per need of each student becomes an asset for the school.

Role of a good teaching institution cannot be over emphasised. It should provide standout infrastructure, a leader Principal, and team of dedicated teaching and non teaching staff. All activities should aim at providing atmosphere for holistic growth of the students. All its functionary associates should get a chance in the development of the students. This shall enable them to stand with pride when students come off with flying colours in different fields. I am proud to be associated with such an institution.

Managing Director's Message

How time flies — Its been 10 years and I can take pride in saying that these years have been glorious in the real sense of the word. The journey though laced with highs and lows proved to be exciting.

The positive energy and the innocent vibes coming from the children made each day more sunny and the atmosphere in the school more vibrant.

GGs was conceptualized in the year 2008 with a vision to give a platform for the holistic development of the young buds entrusted to us by their parents. We started with a mission to tap the talents of each and every child, chisel them and give them a chance to bloom. Academics was of course integrated with the system so that it didn't seem burdensome. Child-centric, activity based, skill-based education became the mantra. Young motivated faculty were got on board so that they could keep the classes brimming with energy and enthusiasm.

Aristotle once said, "Educating the mind without educating the heart is no education at all." So, at GGS, even when we deliver contemporary and technologically updated skills, we take special care to nurture our children with ethos of moral values and principles. We are constantly engaged in instilling these values in our Globalites so that they become responsible citizens of our society.

"Do not educate a child to become something or someone, educate to help them explore and celebrate who they are" - Vince Gowmon.

These ten years have given us momentous occasions to celebrate and the celebrations shall continue, for our Globalites who have been nurtured with ample love and affection, are blooming into Global Citizens with an ever thoughtful and an intelligent head coupled with global vision, resting on their strong shoulders.

From the Principal's Desk

[Children are not things to be moulded, but are people to be unfolded- Jess Lair]

I feel great privilege in presenting to you the first edition of Darpanिका – the School magazine highlighting the journey the school has transcended in the past 10 years.

The journey laced with myriad of emotions- of hope, ecstasy, despair, joy was nothing but eventful. Events that were based on the mission the school was crafted on, the mission to 'Empower Young Minds' and mould them to grow into humane human beings. Darpanिका is reflection of all such emotions.

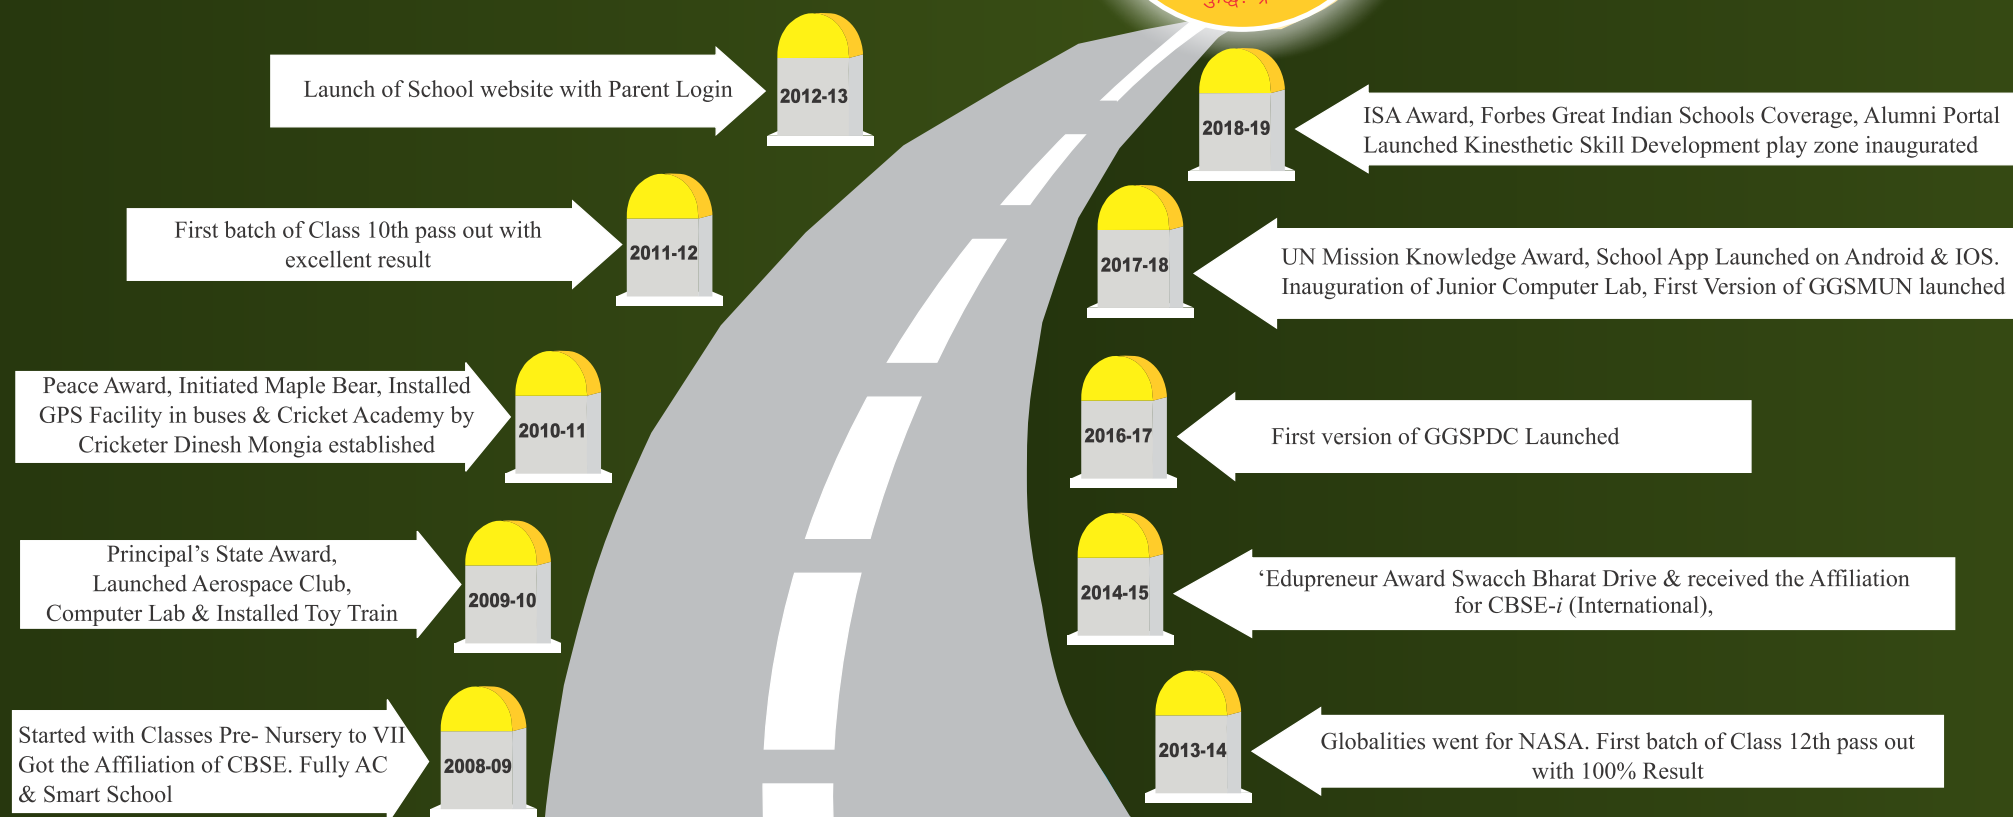

We, at GGS, as the school name suggests, equip the youth with a fine blend of contemporary global vision whilst keeping their roots embedded in the rich Indian value system and traditions.

We take pride in boasting about the USP of the school as GGS is the institution where each child is treated as a unique individual and nurtured and respected for her/his talents, passions and unique personality traits. They are taught to have faith in themselves and their abilities and have a fighting spirit to go on till they achieve their goals. They are taught that 'Failures are the stepping stones to Success' and never to confuse success with material goods but to understand that success is a translation of a happy and contented state of mind. Maintaining a high level of Happiness Quotient and boosting their self esteem is amongst the main objectives of the school.

In today's fast evolving world, where every sunrise brings a new set of opportunities laced with its own challenges, Globalites are mentored to stand tall, have faith in themselves and their abilities and excel.

Equipped with the life skills that give them the courage and strength of mind and body, Globalities are marching ahead in all walks of life to leave an indelible mark in varied arenas; with their words and actions.

EDITORIAL

*Learning gives creativity, Creativity leads to thinking,
Thinking provides knowledge, Knowledge makes you great
-Dr. A P J Abdul Kalam*

Writing is the most valuable literary expression. The inculcation of passion for creative thinking and writing amongst children of today's generation is one of the major objectives set by Gurukul Global School. **“Darpanika”** has been a step towards it and has served as a great platform to extract out the passion for writing and encourage original thinking.

It is with a lot of excitement that we attempt our first editorial for the Gurukul Global School. There is so much that may be said, that it is difficult to decide what we should place first.

Perhaps the most important event is the successful completion of a decade of our temple of learning. Success and long life go with it! The other important event is that we have been awarded with the **prestigious ISA award**.

Our editorial board along with our student authors have put in a lot of hard work to put across some amazing pieces of writing, displaying their creative thinking and skills. The work may seem, extremely simple but surely provide you an opportunity to peep into a child's thought process.

The publication of **“Darpanika”** included a lot of planning along with team work and with this combination we have brought a flashback of the inception of the school, the events and achievements during the session 2018-19.

Happy Reading!!

ISA TEAM

ISA Journey of **GURUKUL GLOBAL SCHOOL**

The ISA journey for GGS commenced in July 2017 and was a great learning experience for the entire team. An action plan of International dimension was drawn, covering a range of subject areas and age groups.

Right from the initial stage of drawing the Action Plan it was an exciting journey laced with interesting events that were full of learning.

The plethora of activities that encompassed students from Kindergarten to class XII had an international dimension as mandated by the British Council. Initially, finding partner schools across the country's borders seemed to be a Herculean task and we started feeling demotivated but as soon as the partner schools in Afghanistan and Nepal were finalized, our motivation catapulted back and we were once again brimming with excitement to indulge to the most.

Checking mails, conducting Skype sessions, involving foreigner's participation and preparing creative innovative sessions and activities based on the ISA action plan for all the classes involving the whole school made everyday a new one for each one of us in the school including the children. This festive journey through one of the collaborative activities 'Lets Grow Together 'with Nepal Country was a wonderful learning experience for everyone involved-students, teachers and parents. It gave them a deeper insight into the customs and traditions surrounding festivals of other countries and made them identify the common thread that binds them together-the thread of love and hope. What I found extraordinary about the project was that the information gathered by the students was not from the websites but through interaction with 'real children' across the globe. Hence, REAL LEARNING took place as they learnt FROM EACH OTHER, ABOUT EACH OTHER.

ISA projects bonded us to the world around us and created everlasting relationship which is very heartening. Successful completion of all activities planned throughout the year demanded lot and extra hard work on our part, but the results were encouraging.

It was indeed an invigorating experience for the students, teachers and parents of Gurukul Global School. We thank the British Council for giving us the opportunity to explore our creativity and innovation to the fullest.

A SUMMER AT HARVARD

My Harvard Student ID

An experience of a lifetime, that is what I call my Harvard experience. From enjoying weekends with my friends from across the globe to sessions with the most profound professor it all made up my summer 2018. I never imagined that i would be with almost all nationalities of the world under one roof, this was one thing that made me awstruck.

Staying with Harvard students and knowing the professors personally is something i will treasure for life. I focused on two courses out of hundreds. My courses were Public speaking with Mr. Remo Airaldi and beginning screen writing with Ms. Susan Steinberg.

Being a part of the Harvard family is truely a privilege.

If i have to sum up my experience in one line it would be

“THE BEST SUMMER EVER”

What Alumni Say

“First and Former President of Students' Council Just completed my Graduation B.Com(Hons) from SD College, Chandigarh. I got my grades up and also got Elected as SECRETARY GENERAL for International Organization ENACTUS for my College. Me and Two of my friends have started a Fashion Magazine, in which I handle all the Graphic Designing and Photoshoots. I'm running my very own Magazine now and my very own Photography Page on Instagram @suvir_tandon. I have just given entrances examination for Law.”

-Suvir Tandon

“As a new comer to Gurukul Global in class XI, I was nervous and oppressive to say the least. New environment, New classmates, teachers and management, initially I felt quite intoxicated but with the passage of time, I comfortably settled in. Before, long I looked forward each morning to be in school. The credit lies entirely to the awesome teachers and the faculty who ensured that I was welcomed with the open arms into Gurukul family. Then came my big moment; an opportunity to participate in an interview conducted by CNBC in our school campus and that was telecasts on National Channel. My confidence escalated to the heights. The last few days in school are my most memorable one's where I got an opportunity to be liked and appreciated by everyone and finally my happiness knew no bounds when I got selected as MISS. GURUKUL GLOBAL. My board result and my previous results have made my parents, family and teachers very proud. Now, I m trying to get admission in a reputed institute of overseas for further studies. I completely owe my success to my Alma matter 'GURUKUL GLOBAL.'”

-Inayat Arora

The best thing that I learned from my school is the teamspirit, cooperation & most importantly the life skills that have made me confident & competent to face all ups and downs of life. Being the School Head Girl, I had a great time organizing events, assisting my teachers in smooth functioning of the school; on top of all I enjoyed every bit of my academics. When I stepped into the school, I was an under confident personality unsure of myself. But the teachers with there personalized touch motivated me endlessly and helped me stand tall as an Entrepreneur at this young age. All this could not have been possible without the inspiring & motivating charisma of my teachers & the 'holistic development of each child' being the school mantra. This is the school, where in addition to developing a progressive contemporary outlook, I have also learned the value of 'Values' without which any human being shall be reduced to a mere machine.

Cocurriculars, Academics, Sports & life skills, go hand in hand at GGS & this is what 'Empowers Young Minds' & transforms them into a 'Proud Globalite'.

URGE FOR A CLEAN AND GREEN INDIA

We the people,
we the youth,
we the creatures,
these all are universal truths.
We the destroyers
wish to remain mute
but we will not get any ripe fruit.
We the masters,
we the blasters,
we can stop many disasters.

We can dream so many dreams
but my dream is so extreme,
CLEAN INDIA
CLEAN WORLD
which will shine like a beautiful pearl.
Fresh fruits, fresh vegetables
give our life a fruity flavour
but clean and fresh environment
will keep our mind healthy forever

Mehar Bhalla (VIII B)

SILENT SCREAMS

Stars gleam in the small twinkling eyes
BUT little dreams- Alas! Crushed by big Lies!
The fight cut short, the short wings clipped
Will they ever reach the skies?
We are the land of Goddesses-
Saraswati, Lakshmi and Durga
We pray, we prostrate, and we bow!
We visit temples- here and now
Then why are we Janus-faced?
The questions haunt me as I stand gazed
Newspapers with horrible statistics and news

And mean politicians delivering irrational views
STOP! STOP! STOP!
Let's stop their silent screams
And give wings to our girls' dreams!
We are carriers of a rich culture
Let's not tarnish it by being a Vulture
Together we can, together we will
Save & Educate our Daughters
The task is not so uphill!

BETI BACHAO, BETI PADHAO

BETI BACHAO, BETI PADHAO scheme was started on Jan 22, 2015 as a cooperative scheme of the Ministry of Women and Child Development, Ministry of Health and Family Welfare and Ministry of Human Resource Development under synchronized and convergent efforts to give power to the girl child. First, it was initiated in 100 districts with low girl child sex ratio. The Olympic bronze medalist Sakshi Malik was made the brand ambassador of 'BETI BACHAO, BETI PADHAO' scheme in August, 2016. BBBP scheme is true to its words. The scheme intends to improve the efficiency of services for the welfare of women and to raise awareness regarding women's rights. The government's focus is on low female sex ratio in almost 100 districts. When women are educated and aware, it leads to empowerment of women.

AIMS AND OBJECTIVES:-

- To stop the discrimination of the girl child and practice of sex determination test.
- To ensure the survival and protection of girls.
- To ensure the participation of girls in education and other areas.

KEY FEATURES:-

- Mass campaign.
- Multi spectral action to cover all states and union territories in 100 selected districts with CSR.

SWACHH BHARAT

INTRODUCTION: Prime Minister Narendra Modi launched the Swachh Bharat Mission (SBM) ON OCTOBER 2, 2014, THE BIRTH ANNIVERSARY OF Mahatma Gandhi. The ambitious program aims to make the streets, roads and infrastructure across the country clean by October 2, 2019, the 150th birth anniversary of the Father of the Nation. It is India's biggest ever cleanliness drive.

HOW IT IS BEING MANAGED: The urban component of the mission is being managed by the Union Ministry of Urban Development.

HISTORICAL DEVELOPMENT:-

- The Total Sanitation Campaign (TSC)
- The Nirmal Bharat Abhiyaan (NBA)

OBJECTIVE AND AIMS:-

- An accountable mechanism of monitoring toilet use.
- To keep villages clean.
- Solid and liquid waste management through Gram Panchayat.
- To lay water pipelines in all villages by 2019.
- Public awareness to be provided.

- **CONCLUSION:-** Though the government has greatly publicized this mission, yet there is a lack of adequate awareness about making India clean, which is a major cause of concern. If each and every person starts making efforts for keeping the surroundings clean, we would definitely see positive results soon.

अगर हारी मैं कभी

अगर हारी मैं कभी ।
हिम्मत न मेरी कम होगी ।।
मेरी शुरुआत तुमसे पीछे थी ।
मंज़िल तुमसे आगे होगी ।।
जीवन एक शिक्षा है ।
जिसके लिए माँगनी अपनो से शिक्षा है ।।
मन में है उड़ने का सपना ।
परंतु इस राह में बाधा बन खड़ा है हर अपना ।।
आखिर क्यों है मुझे यह सब सहना ।
आखिर क्यों है मुझे जीवन के इस
अंधकार में रहना ।
अब न मैं यह अत्याचार सहूँगी ।
अब मैं एक स्वतंत्रता भरा जीवन जिऊँगी ।

कहती है बेटी हमें निहार,
मुझे चाहिए प्यार दुलार ।
बेटियों को क्यों?
प्यार नहीं करता संसार ।
सोचिए सभी क्या बेटी बिना,
बन सकता है घर परिवार ।
जब माँ ही जग में न होगी,
तो तुम जन्म किससे पाओगे ।
जब वहन न होगी घर के आँगन में,
तो किससे रूठोगे, किसे मनाओगे ।
जिस दुनिया में स्त्री न होगी,
दुनिया में तुम कैसे रह पाओगे ।
नारी के बिन जग सूना है,
तुम ये बात कब समझ पाओगे?

You need patience when you got a cell phone

Thank lord I don't live in my granny's days where there weren't any cell phones on which I could play games. I can't imagine what I would do to pass the time. For now there isn't a moment to spare. From the moment I wake up till the moment I sleep I don't get bored. I can chat, post or tweet, use Skype on the road while I'm driving to work or get on youtube to watch entertaining videos. During brunch break I scroll through my email spam and post pictures of what I'm eating on instagram. Sitting on the toilet is no longer boring for I've got my games to pass my time. My friend and I use Facebook on our seats, while we wait for the waitress to bring us food at a restaurant. The couple in the next booth is playing games and I can assure you that me and my friend are also doing the same. While we wait we check our phones, in order to respond to the growing number of notification tones. But Alas! It appears my battery is draining; only 7% is remaining. Just one more selfie before it dies; I wonder how many likes I will get on this selfie! As I plug my phone I think of my granny who had to live in a time before there were any cell phones and feel bad for her. At work, at home, I never have to get bored waiting. With that thought, I turn down the sheets, pun on my jammies and de-sock my feet. As I and my friends snuggle into our own beds, visions of pinterest dance in my head, if only my cell phone wasn't dead.

Technology

Technology is a boon or a bane,
It's someone's loss, someone's gain.

It's inside the house,
It's outside the house,
Our lives depend on the little mouse.

Sometimes it makes our lives easy,
Sometimes it makes all hazy,
It makes us crazy enough to be lazy.

Technology is a boon or a bane,
It's someone's loss, someone's gain.

Memory

Memory was something that you lost with age
A CD was a bank account
And if you had a 3 ½" floppy
You hoped nobody found out.

Compress was something you did to the garbage
Not something you did to a file.

And if you unzipped anything in public
You'd be in the jail for a while.

Log on was adding wood to the fire.
Hard drive was a long trip on the road.

A mouse pad was where a mouse lived.
And a backup happened to your commode.
Cut you did with a pocket knife.
Paste you did with glue.

A web was a spider's home.
And a virus was the flu.

I guess I'll stick to my pad and paper
And the memory in my head.

Passion

Make an impression,
Have a Passion.
Come out of depression,

Have a Passion, make a mistake,
Make a confession, have a passion.

Have a goal, have a mission
Don't have apprehension, have a passion.

Chase dreams
With aggression,
Have a passion.

Life is short, make it big and large
Make it a fashion, Have a passion

Love people, care for people
Have compassion, have a passion.

We make mistakes,
Never shy from admission,
Have a passion

Basketball - My Passion

Basketball is the sports king,
From the toss of the ball jump
To win the buzzer ring.

In basketball you have to do your best,
Once you do that, you'll beat the rest.

If you want to win, then never lose hope,
When there is a problem, learn how to cope.

Take your shots with confidence,
Never with incompetence.

Jump up for a rebound with all your might,
Don't ever do it in a state of fright.

Health is Wealth

Health is wealth some would say
Can words bust, my stomach's sway
Eyes react, my fists they shake
I must have that frosted cake
Health food lists, they tease my yearnings
I don't count costs, when stomach's churning
"Please be patient, ease your cravings"
I am lost, those words aren't saving
Tossed by pangs of a lustful gut
Words don't decrease, nor cravings shut
Help if you may, control my desires
It's no breeze, when my stomach's on fire

Please respect the elderly!
Learn patience day by day
A little love from you and me
Can go a long way!
Please respect the elderly!
No matter, fit or frail

Please respect the elderly!
Is it too much to ask?

SOCIAL ISSUES

A social issue is a problem that influences a considerable number of individuals within a society. It is often the consequence of factors extending beyond an individual's control, and is the source of conflicting opinion, on the grounds of what is perceived as a morally just personal life or societal order. There are a variety of methods people use to combat social issues. Nonprofit organizations are often formed for the sole purpose of solving a social issue. Community organizing involves gathering people together for a common purpose. A distinct but related meaning of the term "social issues" refers to a topic of national political interests, over which the public is deeply divided and which are the subjects of intense partisan advocacy, debate and voting.

Examples include same sex marriages and abortion. In this case "social issue" does not necessarily refer to an ill to be solved, but rather to a topic to be discussed. India is facing a large number of social issues such as caste system, child Labour, illiteracy, gender inequality, superstitions, religious conflicts. It is high time that the society gets relief from these undesirable social evils.

The Green Earth

The beautiful green earth was created by God. There were many green fields full of grass and trees. Then God created birds and animals to live in the meadows and the fields. And finally, he created man to take care of all his beautiful creations. This was the best creation.

But at the same time he warned man, "You must keep the Earth green and as beautiful as I have made it. Do not commit any sin". Then man came to the Earth. Soon he forgot God's warning. He started committing sins like stealing, lying and killing others.

So, the Earth lost its beauty and turned into a desert. Man felt sorry for his deed. Then God forgave him. That is why we have some greenery still left on the earth...

SCHOOL LIFE

A person in his life goes through various stages. It starts right after the birth, the first stage includes infancy followed by childhood, adolescence, adulthood and then the final stage is of old age. The foundation of life starts with family followed by school. School plays a very vital role in our lives as it covers two stages of life i.e. childhood and adolescence. From the first day of school, we come to know the realities of the world and experience many things. Spending 15-16 years of our life it becomes our second home. It is the school from where we begin to learn a lot of things that improve our lives and sets the base for our coming years. In school we learn the morals of life, be it from our morning assembly, teachers, coursework or from the experiences we have everyday. We learn discipline, respect, obedience, and much more. We also learn how to maintain patience according to the situation and how to deal with it in various circumstances. I am proud of my school where I get this kind of discipline, respect and obedience.

स्वास्थ्य अमूल्य धन है

स्वास्थ्य को सबसे बड़ा धन माना गया है। बीमार धनी होने की अपेक्षा स्वस्थ गरीब होना अधिक अच्छा है। बीमार व्यक्ति धन व सुख-सुविधाओं का उपभोग नहीं कर सकता। उसे अपना जीवन भार लगने लगता है। स्वस्थ व्यक्ति बहुत मस्ती में जीता है। उसके मन-मस्तिष्क में उमंग और प्रसन्नता छाई रहती है। वह जो कार्य को करता है, पूरे उत्साह से करता है। इसलिए कहा गया है कि स्वास्थ्य ही धन है। अच्छे स्वास्थ्य के लिए प्रयत्न करना मनुष्य का दायित्व है। इसके लिए व्यायाम, योगासन तथा स्वस्थ दिनचर्या का अभ्यास ज़रूरी होता है। व्यक्ति को अपने खान-पान का भी उचित ध्यान रखना चाहिए। मस्तिष्क में सकारात्मक सोच रखनी चाहिए। स्वस्थ रहकर ईश्वर-प्रदत्त उपहारों का लाभ उठाना चाहिए। स्वास्थ्य रूपी धन की हर कीमत पर रक्षा की जानी चाहिए। कहा भी गया है- 'एक तंदुरुस्ती हज़ार नियामत।' अच्छा स्वास्थ्य ही जीवन के सारे सुखों का आधार है।

Friendship Vs True Friendship

A simple friend, when visiting acts like a guest.

A real friend opens the refrigerator and helps himself.

A simple friend has never seen you cry.

A real friend has his shoulders soggy with your tears.

A simple friend doesn't know your parents first name.

A real friend has their number in his address book.

A simple friend hates if you call after he/she has gone to bed.

A real friend asks you why you took so long to call.

A simple friend seeks to talk to you about your problems.

A real friend seeks to help you about your problem.

A simple friend gossips about your romantic history.

A real friend will support you.

A simple friend thinks friendship is over when you have an argument.

A real friend calls you when you have a fight.

A simple friend accepts you always to be for him.

A real friend will always be there for you.

Friendship

*Friendship is a priceless gift
That can not be bought or sold
But it's value is far greater
Than a mountain of gold*

*For gold is cold and life's less
It can neither see nor hear
And in time of trouble
It is powerless to cheer*

*It has no ears to listen
No heart to understand
It can not bring you comfort
Or reach out a helping hand*

*So when you ask God for gift
Be thankful if he sends
Not diamond, pearls or riches
But the love of true friends!*

It's green forests are pretty
And our source of prosperity

Let's for it work hard

COMMENT AMELIORER VOS RELATIONS AVEC LES PARENTS

Bien sûr, tu aimes tes parents. Mais parfois, maintenir le lien entre parent et enfant adulte peut être aussi difficile que celui entre parent et adolescent.

De nos jours, vous êtes tous les deux confrontés à de nouveaux défis - changements de carrière ou de retraite, problèmes de santé, préoccupations pour l'avenir. Il est à prévoir que ces problèmes affecteront votre relation, mais que vous changez de relation avec vos parents.

Une partie de cette évolution nécessite l'établissement d'une nouvelle relation, une relation entre adultes mûrs plutôt que "parent" et "enfant". Vous avez déjà les bases fondamentales - l'amour et la mémoire partagée. Ajoutez un respect mutuel et des intérêts communs et vous pourrez trouver une relation plus épanouissante avec votre mère et votre père que celle que vous avez eue depuis votre enfance.

Bien sûr, certaines choses ne changent jamais - Maman peut toujours lui offrir des opinions non sollicitées sur votre poids et votre garde-robe, et Papa peut toujours entamer une conversation si elle concerne votre voiture. La clé est d'aimer les meilleures parties d'eux et d'apprendre à accepter le reste. Voici 14 façons furtives de forger une relation adulte avec vos parents et de renforcer ce qui n'a pas toujours été le plus fort des liens.

1. Considérez-les comme des adultes, plutôt que comme vos parents.

Si vos parents vous traitent toujours comme un enfant, malgré le fait que vous ayez des enfants, vous devrez peut-être les aider à vous laisser «grandir».

2. Parle à tes parents en tant qu'amis.

Si vos parents vous traitent toujours comme si vous aviez 6 ou 16 ans, il peut sembler amusant de renoncer à votre rôle d'enfant. Pour bien commencer, modélisez vos conversations avec maman et papa avec celles que vous avez avec des amis.

*A dad is a person
Who is loving and kind.
And often he knows
What you have on your mind.
He's someone who listens,
Suggests and defends
A dad can be one
Of your very best friends;
And each year that passes,
You're even more glad,
More grateful and proud,
Just to call him your daddy;
Thank you Dad....
For listening and caring,
For giving and sharing,
But especially, for just being you.*

If I am sorrowful she is sad.

Patriotism

Patriotism is the great selfless passion of love for one's country. To an Indian patriot, his mother and motherland are superior even to heaven. A true patriot, who loves India, is an active worker. He works at heart and soul for the progress of his country and countrymen. He takes action for maintaining the sovereignty and glory of his motherland. Many patriots fought against British rule to secure the freedom of India. They never hesitated to sacrifice their comfort, happiness and life for the cause of their motherland. Some of the most glorious chapter of Indian history have been written as well in the blood of patriots. Rana Pratap, Tipu Sultan, Chatrapati Shivaji, Surya Sen, Rani Lakshmi Bai, Netaji, Jatin Das are all great patriots to be remembered. Their patriotism is different from false patriotism. A true patriot loves other countries as his own and wants to live in peace with them. He does not think his country to be the best in the world.

My Letter To A Soldier

Dear Soldier,

Soon I will be 18, an adult old enough to make life's decisions and still almost every day I make mistakes. A bit selfish, jealous and certainly I cannot look above my own petty needs. And then there you are a camouflage, with badges on your shoulders chanting the tale of courage. I hope you someday find time to read this letter. To you I write from my heart. I write to thank you for all you do. I know times are tough. I know that enemies don't seem to back down and every time they hide like cowards, you are determined for victory like a true king. You are the true son of Mother India and I know for sure every time she sees you, she is the proudest mother. I pray to God to give you courage. I am proud to sleep under the armor of your might. FROM ONE INDIAN TO ANOTHER. Thank you

JAI HIND

भारत के वीर जवान,
तुम ही हो भारत की शान
तुमसे है भारत की शान।
कश्मीर हो या कोई टाईगर हिल,
जम्मु हो या कारगिल, दुश्मनों का करते हमेशा तुम सामना,
न मजहब की न भगवान की
ज़रूरत है तो वस एक इन्सान की,
जो नफरत शोषण और लालच को रोक सके,
आतंकवादी राहों पर चलते कदमों को टोक सके।

DELICATE BUDS

We are delicate buds
Let us grow, let us blossom,
Give us a chance and see,
What we can achieve as we are awesome.

Give us the right to educate ourselves
Give us the right to live
Not only shall we glorify our parents,
But also glorify our nation.

Listen to our little request
Don't kill us in the womb
We are the beautiful flowers of a garden
Who with your love and affection will bloom.

Keep us under the shade of your love
We have a heart of an angel, pure as a dove,
We are the morning, bright and shining
We are the noon, so warm, so pleasant and
We are the dew kissed night so quiet.

With every day, that passes by,
I'll be more the twinkle of your eye
So loving, so giving, a heart of gold
Always your baby, even when you're old.

My loves shines through, for all to see
You will always feel proud, i'm so me....

Habit of Obligation, a must for Success

Aristotle had said somewhat like this centuries ago, “ We are what we repeatedly do”.

There was a money lender who was approached for loan by a Youngman. The money lender invited him for lunch so that he could set the deal. He arranged lunch in the courtyard of his house, where his dog and tenant were also present. The money lender served food to his guest and sat afar in a corner of the courtyard in silence till the young man finished the food. As the lunch got over, the money lender said tersely, “I can't give you loan on any terms as I don't find you as a genuine person who can repay my loan.” Baffled on the sudden change of mood of the money lender, the young man said : “What is wrong with me, Sir? You have been very sympathetic about me since the first day of our meetings and you invited me today for such a delectable lunch. Why have you suddenly changed your mind?”

The moneylender told him that he didn't have the habit of obligation. On being asked how he reached that conclusion, the moneylender said: “See, my dog was present during the lunch and you did not even throw a piece of bread to him while he was surely expecting it from you. You didn't offer my tenant also. If you can't give something to someone from what I gave you then how can I expect that you will repay my loan?”

The story has a message that the expression of obligation is a sort of habit, and the habit of obligation is a must for any success as it reflects our basic character.

Obligation arises out of a sense of duty. Through the positive development of habits we can change our destiny.

But one thing is sure here that your destiny will rely on the forms of habits, and the habits of caring, obligation and helping others are those things that make a person so wonderful no matter what faith, religion, status he belongs to.

तितली का संघर्ष (प्रेरणात्मक प्रसंग)

एक बार एक आदमी को अपने बगीचे में टहलते हुए किसी टहनी से लटकता हुआ एक तितली का कोकून दिखाई पड़ा, अब हर रोज़ वो आदमी उसे देखने लगा, और एक दिन उसने नोटिस किया कि उस कोकून में एक छेद बन गया है, उस दिन वो वहीं बैठ गया और घंटों उसे देखता रहा, उसने देखा कि तितली उस खोल से बाहर निकलने की बहुत कोशिश कर रही है, पर बहुत देर तक प्रयास करने के बाद भी वो बिल्कुल शांत हो गई, मानो उसने हार मान ली हो।

इसलिए उस आदमी ने निश्चय किया कि वो उस तितली की मदद करेगा, उसने एक कैंची उठाई और कोकून की ओपनिंग को इतना बड़ा कर दिया कि वो तितली आसानी से बाहर निकल सके, और यही हुआ, तितली बिना किसी संघर्ष के आसानी से बाहर निकल आई, पर उसका शरीर सूजा हुआ था, और पंख सूखे हुए थे।

यहो आदमी तितली को ये सोचकर देखता रहा कि वे किसी भी वक्त अपने पंख फैला कर उड़ने लगेगी, पर ऐसा कुछ भी नहीं हुआ, इसके उलट बेचारी तितली कभी उड़ नहीं पाई और उसे अपनी बाकी की ज़िंदगी इधर-उधर घिसटते हुए बितानी पड़ी।

वो आदमी अपनी दया और जल्दबाज़ी में ये समझ नहीं पाया कि दरअसल कोकून से निकलने की प्रक्रिया को प्रकृति ने इतना कठिन इसलिए बनाया ताकि ऐसा करने से तितली के शरीर में मौजूद तरल उसके पंखों में पहुँच सके और वे छेद से बाहर निकलते ही उड़ सकें।

घास्तव में कभी-कभी हमारे जीवन में संघर्ष ही वो चीज़ होती है जिसकी हमें सचमुच आवश्यकता होती है। यदि हम बिना किसी संघर्ष के सब कुछ पाने लगे तो हम भी एक अपंग के समान हो जाएँगे, बिना संघर्ष और परिश्रम के हम कभी उतने मजबूत नहीं बन सकते जितनी हमारी क्षमता है। इसलिए जीवन में आने वाले कठिन पलों को सकारात्मक दृष्टिकोण से देखिए वे आपको कुछ ऐसा सीखा जाएँगे कि आपकी ज़िंदगी की उड़ान को सफल बना देंगे।
